Village's Recycling Collections Increase 18 percent

Recycling in Johnsburg has jumped more than 18 percent since the village implemented its new refuse and recycling program last November. In the first half of 2011, total recycling collections increased by 42 tons, climbing to 272 tons from 230 tons in the same period a year earlier. Additionally, we saw our average monthly waste diversion rate – the volume of materials that would have gone to landfills – reduced by 37 percent.

The Village implemented the one can limit for refuse last November as a way to reduce costs and increase the collection of recyclables in our community. The new program provides for a recycling rebate from Waste Management. To date we have collected nearly \$2,000 in recycling rebates. The new program has made a positive impact. Our residents have become more experienced and knowledgeable recyclers and are reducing the amount of garbage they had previously been putting out for collection. Thank you to all of our residents who have contributed towards reducing our community's carbon footprint through increased recycling.

A Hometown with Spirit

Once again, summer seems to be passing too quickly. Despite some of the incredible storms we've been experiencing, I hope you have been able to enjoy some summer fun. The Johnsburg Community Club and Johnsburg Lion's Club are busy preparing for the upcoming annual Saufen und Spiel activities to be held September 9-11th. Join your neighbors and friends for a couple of fun filled days and nights of games, fellowship, good food, beverages, music and the parade. Read the article on page 4 for more information about this event. Also be sure to mark your calendar for the annual Celebration in the Park being held on Saturday, October 1st at Sunnyside Park. The Community Affairs Committee has been busy working to secure donations from businesses and organizations to fund this event. For more information about Celebration in the Park or to learn about how you can contribute, read the article on page 1. I'd like to thank the many contributors for their generous donations without which this event would not be possible. I hope you will come out to enjoy time with friends and family at both of these events.

The sewer project for west Fairview Avenue, Reed Avenue and Chapel Hill Road is nearly complete. Village staff has been working with the contractors to insure that final punchlist items are addressed so that the project can be closed out. To date, forty of the sixty properties have been connected and are being served by the Village's wastewater treatment system. Sewer infrastructure pursued by Fritz Larsen, owner of Half-time Bar and Grill, is also complete and Mr. Larsen's business is now connected to the Village's wastewater treatment system. The Village continues to work to find additional grant opportunities to help offset the cost to bring wastewater treatment to other neighborhoods throughout the Village. If your neighborhood is interested in learning more about connecting to the Village's wastewater treatment system, please contact Village Administrator, Claudett Peters at 815-385-6023 or cpeters@johnsburg.org

I would like to welcome the new rue 21 clothing store which opened on August 11th in the Shops at Fox River Shopping Center located at Route 31 and Running Brook Farms Blvd. Take a moment to stop in and shop this specialty clothing store now open for business in our community.

You may have noticed some activity taking place around the Val-mar Center. Angelo Ingrao and his family, owners of Angelo's Fresh Market in McHenry, are taking over the Center to open up a second location for their grocery store. Angelo's Fresh Market is known for its fresh meats and produce at great prices, excellent service and quality. We are anxious to have Angelo's Fresh Market become a part of our business community. Watch for e-News alerts and the Village's website for more information about the stores opening anticipated sometime this fall.

We are very excited about the upcoming opening of the Wal-Mart store. Construction activities on Route 31 related to this project will increase over the next several weeks therefore we urge you to choose a different route if possible. If you are unable to avoid this area, be prepared for travel delays. As always, please proceed with extra caution through the construction zone. We appreciate your cooperation in this matter. Once completed, we will be able enjoy and benefit from the newly widened roadway and traffic signals being added at Running Brook Farms Blvd.

On May 20th, the Johnsburg Police Department participated in "Cop on Top" a fundraising program to raise funds for Special Olympics. Johnsburg police officers donated their time for the cause. To date, more than \$2,500 have been raised for this important program. Read the article on page 7 about the upcoming Special Olympics Run/Walk event being sponsored by the Johnsburg Police Department.

Last November, the Village instituted a one can limit for our residential refuse collection program. This change was pursued to: 1) control costs related to this service; and 2) increase the amount of recycling collected in an effort to improve our environment. The change in the program enabled us to accomplish both of these goals. We have our dedicated residents to thank for this. Read the article on page 1 regarding the success of the new refuse collection program.

I am saddened to report that Evelyn Sandell, mother of recently retired Trustee William Sandell, passed away. Mrs. Sandell contributed greatly to our community and served as Village Clerk from 1971-1976. William Sandell served the Village as Trustee for more than 33 years. He and his wife Linda, who served as Village Accountant, retired last year and moved to Arizona. We are sorry for their loss.

In closing, I would like to thank our dedicated staff for their efforts in managing the aftermath of the July 11th storm. Com Ed has declared the damage from this storm to be the worst damage they have ever experienced. Our public works crews have worked for more than four weeks clearing trees from roadways, chipping branches from downed trees and hauling away brush not able to be chipped.

I would also like to thank our residents for their patience and cooperation during the extended power outage. This storm event showed that by working together we can weather any storm.

Respectfully,
Edwin P. Hettermann
Village President

Local Gratitude

Village President Ed Hettermann offers thanks to local residents and organizations.

Oak Park Lounge

On July 2nd, Tom Fuchs, owner of Oak Park Lounge, put on another incredible fireworks display in celebration of the Fourth of July. The event was again well attended and a good time was had by all. I want to thank Tom as well as the many who donated to make this event a success.

Walla Pa Looza

I want to thank Johnsburg resident Craig Wallace, assisted by his team of volunteers and the McHenry Moose Lodge, Woodstock Infantry Club and Johnsburg Lion's Club in organizing the 3rd Annual Walla Pa Looza event held July 30th. Many thanks also go to the Johnsburg Community Club and Johnsburg Community Men's Club and its members for all of their hard work and generous donations towards this cause. The event was once again a great success raising nearly \$25,000 dollars for the mutual benefit of the Sage Cancer Center, Pediatric Cancer Research, American Cancer Society, and McHenry County citizens battling cancer.

CABA

This year's CABA (Continental Amateur Baseball Association) tournament was also a great success. I would like to thank Marty Palmer and the many volunteers that helped make this event a reality. We are honored to be one of the host communities for CABA.

The hard work and generosity displayed by Tom, Craig, Marty and their team of volunteers are great examples of why Johnsburg truly is a "Hometown with Spirit".

With Gratitude,
Edwin P. Hettermann

School News

Johnsburg School District 12 Makes The Grade

Johnsburg School District staff members have been working on updating and improving their curriculum. In the past several years, they have increased focus in both reading and math to include powering the curriculum that is now linked to the new state Common Core Curriculum. This ensures that all students are exposed and expected to have a basic understanding of certain content and skills, while also increasing the opportunities for extended learning.

To that end, Johnsburg School District 12 achieved Adequate Yearly Progress (AYP) for the 2010 - 2011 school year. The No Child Left Behind Act of 2001 requires measurement of all public school's and district's achievements and establishes annual achievement targets for the state.

Each year, the state calculates a school or district's Adequate Yearly Progress (AYP) to determine if students are improving their performance based on established targets. This year, Johnsburg School District 12 was notified via the Illinois State Board of Education that our school district made AYP. This is something of which we should all be proud.

To date, the Johnsburg Police Department has raised more than \$2,500 for Illinois Special Olympics through fundraising events including the May 2nd "Cop on Top."

HALLOWEEN TRICK OR TREAT HOURS

MONDAY, OCTOBER 31ST | 3:00 PM – 7:00 PM

Here are some safety tips

- Children should always go out trick or treating accompanied by a responsible adult. For older kids, know the route your kids will be taking and let them know that they are to check in with you every hour. If going out in a group, make sure you stay as a group.
- Help your child pick out a safe costume. Make sure it is fire proof, can be seen easily and, if wearing a mask, make sure the eye holes are large enough for good peripheral vision. If your child is carrying a prop, such as a scythe, butcher knife or a pitchfork, make sure the ends are smooth and flexible enough not to cause injury if fallen on. Make sure that costumes won't get in the way when they are walking, which could cause them to trip.
- Vandalism is not cool and is a crime. Subjects caught damaging or defacing property will be prosecuted to the full extent of the law.

Culprit.

Not all water pollution comes from big factories – it's also caused by little household chores, like washing off paint, cleaning with products that contain chlorine bleach, using drain cleaners, and disposing of solvents such as stain removers or turpentine in the sink.

Please dry off excess paint with a paper towel before rinsing. Avoid cleaning products marked "Poison" and "Danger," choosing environmentally friendly products instead, and drop off toxic chemicals at your local hazardous waste center. Your river is closer than you think-thanks for keeping it safe.
