New Business	<p><b>Taking Down the Ice Rink</b> – Committee member O'Brien discussed the logistics and plan to break down the Ice Rink at Rescue Squad Park. O'Brien also explained that breaking the down the ice rink would not require as much workers as setting up.</p> <p><b>D12 planting trees in the Park</b> – Andy and Dave from Johnsburg District 12 attended the meeting to explain some of the new plans they have this year with planting the trees. They explained that over the years they have planted the trees in the Dutch Creek easements but are looking to possibly plant some at local parks this year. They also showed the committee some maps of the tree planting that students have done over the years.</p> <p>Chairman Curry showed the men the layout of Hiller Park and the potential spots that the students can plant the trees. The timeline for when D12 can plant the trees on Village property will be discussed after the board meeting, in the mean time they will plant some trees at Hiller park but only on the property that D12 owns.</p> <p><b>Alfred May Park Improvements</b> – Chairman Curry Reviewed some of the possible improvements that can be made for the park. Committee members agreed that a cleanup phase is something that should be done first with the possibility of putting new decorative rocks down by the water. In addition, Chairman Curry that stated that there have been some opinions form the public to put extra parking spots by the boat launch. The Committee agrees that this would not be a good idea because space is already limited and that the Residents can continue to launch their boats and park vehicles at Village Hall.</p>	<p>Chairman Curry will contact D12 after the Board and Mr. Hettermann take a look at the proposal.</p> <p>Chairman Curry will take the improvement ideas to the Board meeting then update the status to the Committee in future meeting.</p>
